

PROMOTEXT

Dumb Bats are a four-piece female-fronted punk rock band from Stuttgart, Germany. With influences from Iron Maiden, The Runaways, Guano Apes, and more they have made their name by bringing high energy on every stage!

Dumb Bats latest release "Ride Free" was put together over long rides in the tour van and brings together the band members' love of fast punkrock, dirty rock n roll, and blazing guitar solos; powered by a punchy low end and a phenomenal frontwoman that keeps audiences on their toes.

Some touring highlights of Dumb Bats include gigs in Germany, France, and Slovenia; playing unique venues like FC St Pauli's fan shop and aboard the ship „Tonne“ on the Elbe River in Hamburg, Germany; club stages in Nuremburg, Berlin, Cologne, and Stuttgart; a brewery in France; and festivals like Punk Rock Holiday in Slovenia, Wasted festival in Nürnberg, and Represent Festival in Reutlingen.
